Career Summary

Five years experienced Enterprise Cybersecurity Threat Analyst with a track record in securing large-scale networks, managing complex cybersecurity systems, and leading diverse teams. Skilled in employing advanced tools like Tanium, Python, and PowerShell, with a focus on innovative risk mitigation and system optimization.

Skills

Threat Analysis, Incident Response, Network Security, Team Leadership, Team Development, Risk Management

Professional Experience

Enterprise Cybersecurity Threat Analyst | 08/2021 - Present | United States Air Force | Langley AFB, VA

- Secured a global network of 800k users across three classified domains, responding to over 100 incidents.
- Directed multi-team bespoke SEIM training, automating threat intelligence and saving 1.2K hours yearly.
- Led global upgrade of 76 domain controllers across 20 locations, extending network support by 5 years.
- Authored Python/PS script with open-source tools, detecting 100+ weak passwords in Active Directory.
- Pioneered adoption of Scrum (agile) for project management, boosting mission completion rates by 32%.

Enterprise Security System Technician | 07/2019 - 08/2021 | United States Air Force | Langley AFB, VA

- Overhauled endpoint management systems, strengthening network security across 1.2 million devices.
- Upgraded and secured 20k hosts, providing insights to leadership and achieving enhanced system visibility.
- Organized the resolution of a global network outage, restoring operations and maintaining continuity.
- Restored functionality to a vital flight component within 24 hours, supporting key military airspace operations.
- Conducted extensive security reviews and headed training sessions, addressing high-risk vulnerabilities.

Education

BS, Cyber and Data Security Technology | The University of Arizona Global Campus | 05/2024 | Chandler, AZ

- 3.99 GPA
- Dean's List Fall 2021, Spring 2022, Fall 2022, Spring 2023, and Fall 2023
- SALUTE Veteran's National Honor Society Member
- Alpha Sigma Lambda Honor Society Member

AAS, Information Systems Technology | Community College of the Air Force | 11/2021 | Montgomery, AL

- 4.0 GPA
- Distinguished Graduate

Certifications

CompTIA CySA+

- Certification ID: 19S3XQYZDN411F3K
- Valid through May 2027

CompTIA Security+

- Certification ID: NDP055QG0PEQ10C1
- Valid through January 2026

Pearson IC3 Digital Literacy IL4

- Certification ID: w9bso-HaEW

Awards

Air and Space Accommodation Medal

- Attained for leading cyber-attack pattern analysis, identifying tactics and developing detection measures.
- Recognized for directing responses to critical system outages and data leaks, safeguarding data integrity.

Air Force Information Dominance Outstanding Mission Defense Activities Airman

- Honored for outstanding contributions in cybersecurity at both squadron and group levels.
- Recognized for building robust solutions, securing critical assets, and bolstering mission readiness.

Air Force Achievement Medal

- Earned for exemplary performance in endpoint security, achieving a perfect score in a major inspection.
- Recognized for expertise in attack sensing, malware protection, and incident response.

Volunteer Experience

Diversity, Equity, Inclusion, & Accessibility Facilitator Training Team Lead | 10/2022 - 05/2024

- Launched the first military DEIA facilitator training initiative, developing facilitators across five bases.
- Guided groundbreaking DEIA program development, influencing conversations across multiple branches.

Diversity, Equity, Inclusion, & Accessibility Program Co-Lead | 05/2022 - 05/2024

- Co-led unit initiatives, organizing events and educating the workforce on inclusivity.
- Collaborated in managing DEIA complaints and promoting workplace awareness.
